July 2025 - Present (1 year)
Gurugram, Haryana, India

Spark Minda
Summer Intern Operations
April 2026 - June 2026 (3 months)
Pune District, Maharashtra, India

Intas Pharmaceuticals
Student Trainee
April 2024 - October 2024 (7 months)
Ahmedabad, Gujarat, India

I worked in the MSAT Upstream Department. Gained hands on training in cell culture technique, scale up of cell cultures and aseptic techniques to maintain cell line integrity. Assisted in preparation culture media, buffers and reagents for experiments. Performed cell viability assays and other analysis using several sophisticated devices like biogas analyzer, osmometer etc. Also learned to operate and troubleshoot common laboratory equipments like

incubator, centrifuges and microscope. Acquired experience in maintaining sterile environment adhering to laboratory protocols and gained knowledge of key biopharmaceutical skills like good documentation practices, good laboratory practices etc. Developed proficiency in quantitative analysis of cell culture data including data analysis and statistical software.

Manipal Institute of Technology

Undergraduate Researcher

August 2023 - July 2024 (1 year)

Manipal

In this project I was involved in extraction of EPS (Exopolysaccharide) from a bacterial strain and was also involved in the characterization for the same using different techniques. I optimized the fermentation media to increase the yield of EPS using different statistical designs like Plackett Burman Design and Central Composite Design using the Jmp software. And further characterized the EPS using different techniques like AFM, SEM, XRD etc.

Calcutta School Of Tropical Medicine - India

Summer Intern

July 2023 - August 2023 (2 months)

Kolkata, West Bengal, India

During this internship I learned about biochemical analysis of blood and other body fluids and how they help in diagnosis of diseases. I also received Hands on experience in different sophisticated machines used in biochemistry laboratory like automated analyzer and CLIA etc.

Rapture Biotech International Pvt Ltd

Trainee

December 2022 - December 2022 (1 month)

Mumbai, Maharashtra, India

Completed my 21 days hands on training in the field of Pharmaceutical QC and Food Industries QC and Clinical microbiology.
